ABOUT THESE EVENTS

These events are **FREE** and **OPEN** to the public. The purpose of these is to shine a light on the difficult topics of mental health, domestic violence, trauma informed care, and substance abuse disorder, and to give voice to the many residents who have not typically been heard, including youth, foster families, and those experiencing trauma or addiction. We encourage all who have read the book to participate in one of our book discussions. To exchange your thoughts, ideas, observations, and reactions to the book "Hey Kiddo" by Jarrett J. Krosoczka.
